D/468
Appears on 3115 stemware Crystal Bowls with Ebony stem and foot.
Probably a gold decoration.
(Note: this may be misidentified as a decorate. The 3115 stemware line had an engraving #468 according to 1929 Circular Letter #119.
1/27/1929 Circular letter #57 listed the 3115 stemware line prices. A handwritten addition on that CL listed "Dec 468" that may actually have been the engraving #468.)
